The Same Old Gospel Story

1. Preach the gospel of Jesus 'tis God's power unto salvation,
tion, to all who hear it, believe in Christ and obey;
We will preach it, we will sing it, o'er the land and on the sea.
And as quick and full of power as it was when it was new.

2. 'Tis the same gospel story that was preached to sons of men,
When apostles took the message boldly round condemning sin.
Thru His blood, complete redemption sanctified by Jesus' name.
Telling men to follow Jesus matters not what be the cost.

3. 'Tis the same gospel story and discarded we may be,
'Tis the same gospel story, seeking still to save the lost.
'Tis the same gospel story that has followed wicked men,
On the highways and the hedges, and the darkest haunts of sin.

4. 'Tis the same gospel story and we will not cease to claim,
'Tis the same gospel story just as beautiful and true,
'Tis the same gospel story that our fathers loved to tell,
And our mothers died obeying, knowing all with them was well.
