# I Have Found It

G/D - SOL

1. I was worn and sad, and far a - stray, And I longed to be re - stored;
2. I had lived in sin for man - y years, Un - til sin my soul ab - horred;
3. I had longed for strength to cease to roam In the vales with Sa - tan's horde;
4. Ye whose souls are still in sor - est need, Live with Je - sus in ac - cord,

So I looked for grace one hap - py day, And I found it in the Lord.
So I sought re - lease from doubts and fears, And I found it in the Lord.
Longed for light to see the one way home, And I found it in the Lord.
What so e'er ye seek to fill a need, You will find it in the Lord.

Refrain

I have found it, Hal - le - lu - jah! Je - sus has my soul re - stored;

Trou - bled years are past, I have rest at last, And I found it in the Lord.
