In Summerland

1. The sun will never set In Summerland; No eyes with tears are wet In Summerland; No shades of dark 'ning night Will shut the
stray In Summerland; No moun - tain hard to climb, Yet all is view from sight, Nor e'er be - cloud the light, In Summerland.

2. No one will lose the way In Summerland, Nor ev - er go as - grand, sub - lime, With end - less sum - mer clime, In Summerland.

3. No death is ev - er known In Summerland; For life is on the hearts like lead, But end - less joy in - stead, In Summerland.
