

# Let Us Work Too

G/D - SOL

1. The Lord work - eth, let us work too: In His vine - yard there's much to do,
2. The world mov - eth, let us move too, The Son's glo - ry that we may view,
3. The wrong speak - eth, let us speak too: The worst er - ror is bright with dew:
4. The Christ liv - eth, let us live too, From death wak - ing, His work to do,

And souls per - ish for need of you: The lord work - eth, let us work too.  
From night turn - ing to day - dawn new: The world mov - eth, let us move too.  
Shall truth slum - ber the whole day thru? The wrong speak - eth, let us speak too.  
With hearts lov - ing and pure and true: The Christ liv - eth, let us live too.
