Behind The Clouds

1. If a cloud should come between us And the splendor of the sun,
   If the rays of golden sunlight Should be hidden one by one,
   Should we question for a moment That the sun shone just the same?
   And tho' life itself seems clouded, And tho' life itself seems clouded,

2. If we hold to wrong opinions Till they form a mighty wall,
   If we harbor thoughts of error, And forget that God is all,
   Since God's truth beyond the shadow Shines in splendor just the same?
   And tho' life itself seems clouded, And tho' life itself seems clouded,

3. Altho' pain and sin and sorrow Seem to darken earthly days,
   We may learn a simple lesson From the sun's obstructed rays,
   Just remember that the shadow Proves the light is always there.
   With the darkness of despair, With the darkness of despair,

Behind The Clouds

Just remember that the shadow, just remember that the shadow

Proves the light is always there, proves the light is always there.
