Don’t Step There

1. As on the path of life we tread, We come to many a place,
   Where, if not careful, we may fall And sink into disgrace.

2. Some idle habit, word or thought, Some sin, however small,
   May make us stumble in the path, And stumbling, we may fall.

3. Our fellow-travellers on the road, We'll watch with anxious care,
   And when they reach some dangerous spot, We'll warn them: "Don't step there."

Chorus

Don't step there, Don't step there, Don't step there, For

if not careful we may fall, Don't step there.
