

The Light That Once In Judah

“He that believeth on the Son of God hath the witness in himself.” I John 5:10

1. The light that once in Ju - dah shone, We may no more be - hold;
2. My soul be - hold the end - less light In Je - sus' reign be - gin;
3. Yes, tho', His rays no long - er shine The gold - en ark a - bove,

No bright She - ki - nah makes its throne 'Mid cher - u - bim of gold;
The flame that once with - out was bright, Now shines more bright with - in;
With - in the spir - its in - most shrine Still glows Im - man - uel's love;

No more the pen - te - cost - al flame Re - turns to ho - ly men,
No long - er to the eye of sense The out - ward vi - sion glows,
There dwells His glo - ry as of yore— Then cease with doubt thy strife;

But God re - veals His grace the same To wait - ing souls as then.
But, in the in - ward ev - i - dence Doth Christ His love dis - close.
In help - less dark - ness walk no more— Be - hold the Light of Life!
